

# Asphalt Paint Rapid

Ready for car traffic in only 6 hours

Asphalt Paint Rapid is a hard wearing, chlorinated rubber based, exterior coating with a matt finish that is ideal for coating exterior concrete and asphalt. It is showerproof in only one hour and can be applied at temperatures as low as 5°C. Easy to apply by brush or roller, it offers exceptional wear resistance, making it ideal for highlighting traffic areas and parking bays.

- Car parks
- Walkways
- School playgrounds
- Private car parks

**Features:**

- Fast curing – showerproof in only 1 hour
- Can be applied at low temperatures
- Ideal for busy areas
- Medium to heavy traffic
- Apply with a roller or brush
- Suitable for external areas only

**Colours**

Samples are available on request. While great care is taken with the colour samples shown, no guarantee can be given that they represent exactly the colours offered.

## 1 Surface Preparation

Ensure surfaces are clean, dry and free from any loose material. Remove any contamination including dirt, oil, laitance and light to medium grease with Watco Bio-D or for thick deposits of grease use Watco Concroff<sup>®</sup>.

## 2 Application

Easy to apply by roller or brush. Make sure the lid is not left off the product for any length of time to prevent it from drying out.

## 3 Safety

Keep container in a well-ventilated place. Keep away from sources of ignition – no smoking. Avoid contact with skin. Wear suitable protective clothing and gloves. Only for use externally or in very well-ventilated internal areas. The material and its container must be disposed of as hazardous waste. Material Safety Datasheets are available on request. Detailed material Data Sheets are available.

## 4 Ordering

Available direct from Watco UK Limited and through agents worldwide. All Watco products are sold subject to the Company's Standard Conditions of Sale.

The Company and its representatives are often asked to comment on potential uses of Watco products which differ from those described in the Company's data sheets. Whilst in such cases the Company and its representatives will always try to offer helpful and constructive advice, the Company cannot be held responsible for the results of such uses unless they are specifically confirmed in writing by Watco.
